

Village Shires Snow Removal Policy

General Information

1. The VS Association contracts for snow removal from streets, driveways and sidewalks. The Board of Directors has developed a general policy to be followed during snowstorms. It is important that we have everyone's full cooperation and assistance.
2. The contractor will make a few passes of streets for emergency vehicles, this is not considered to be part of the final snow removal cleanup.

Policy

1. Unless icy conditions are present, snow removal service will not be provided unless at least two (2) inches of snow has fallen ON ROADWAYS. Snow removal ON SIDEWALKS will commence within two (2) hours AFTER the end of the snowstorm.
2. VS Association Street parking is not permitted if two (2) inches of snow or more. Four (4) inches for township roads. This regulation is in effect for a period not exceeding 72 hours after cessation of the snowfall.
3. Order of priority of snow removal:
 - a. Streets and Intersections (So emergency vehicles can enter)
 - b. Fire hydrants & Storm Sewer Inlets
 - c. Driveways (Some condominiums only if under contract)
 - d. Sidewalks (Some condominiums only if under contract)
4. Owners of single homes and townhouses must take care of their own driveways, sidewalks, and any sidewalk, which runs in front or alongside of their property.
5. Our snow contractor will not to use salt on the sidewalks. Please do not put salt on the sidewalks, as the salt will cause the concrete to deteriorate. Use products made for walkways like Calcium Chloride.
6. Do not direct any contractor in their efforts on behalf of the VS Association. It only hampers the process. If you have an emergency and must get out, please call the Management Office, 1-215-968-0618, and let them know there is an emergency.
7. To assist in the snow removal process, please:

a. If you live in a Single or Townhome

- I. Please move your car(s) into your garage or your driveway if applicable.
- II. Please do not park along the street or islands as this is where the snow will be moved to.
- III. Please make every effort to park in a designated spot that has white lines.

b. If you live in a Condominiums

- I. Please move your car(s) into your garage or out of the way so that your driveway may be cleared.
- II. Please move items out of the way of the sidewalks and driveways.
- III. Please do not park along the street or islands as this is where the snow will be moved to.
- IV. Please make every effort to park in a designated spot that has white lines.
